BEDAZZLED SHOES TO FILL
Premise by Mike Fox and Wil Fox

FRIENDSHIP LESSON: Sweetie Belle learns that Rarity's dreams for her aren't her dreams for herself, and that's okay.

Rarity comes home an absolute bundle of stress. Turns out trying to launch a "Spring in Chic" campaign across three boutiques in three very different places is well, kind of a lot. She's worried she's not going to make her deadlines! Sweetie Belle sees this as her moment and offers to help Rarity. At first, Rarity very sweetly says no thanks. But Sweetie Belle is insistant. She sees how hard her sister has been working lately and she is desperate to make it up to her after the Sisterhooves Social and that unfortunate incident with Sapphire Shores. Rarity says she has nothing to make up for- that's all in the past. Besides, dressing three window displays and making sure inventories are stocked and that your boutiques offer that "this dress was made for you" experience isn't something you can just pick up over night! Sweetie Belle says she knows but she's been watching the best possible teacher for years now and she thinks she's picked up a thing or two. Rarity: "Really? Who, Hoity Toity?" Sweetie Belle: "You. (then getting an idea) Watch!" Sweetie Belle grabs the ponyquin in the corner, a dress from the Spring in Chic line and magics flowers, some ferns, feathers, and a yellow ball over. She creates a perfect "Spring Day" backdrop that makes the soft pastels in the dress pop! Rarity is impressed and for the first time all night, hopeful. With Sweetie Belle's help, Rarity might just make her launch date!

Sweetie Belle decorates the window display in the Canterlot Boutique, then hops on the train and heads to Manehattan, dresses the window display there and then heads to Canterlot for the final window display. She's exhausted but she's so happy she's getting the chance to make Rarity proud. Meanwhile Rarity is inspecting all her merchandise at the factory and making sure all her inventory ends up at the right places. When she sees what Sweetie Belle has done, she is elated. Her baby sister knows her stuff and she's talented to boot. She gushes about what an absolute natural Sweetie Belle is to Sassy Saddles, who can't help but be a bit jealous. The next day is the launch. It goes so well and so many ponies comment that when they saw those dresses in the window, they just had to have one! Later that evening, Rarity announces to all her employees that she's made a very important decision. She's decided to groom Sweetie Belle to be her second in command. Sweetie Belle and Sassy Saddle's mouths drop!

Sweetie Belle excuses herself momentarily - as does Sassy Saddles. Sweetie Belle goes into a closet and lets out a frustrated scream, only to find Sassy Saddles doing the exact same thing. They ask each other what's wrong. Sweetie Belle confesses she's thrilled she was able to help her sister and make her proud. But the idea of actually doing this full time was something she never considered or quite frankly, wanted. But Rarity seems so happy. She doesn't know how to tell her! Sassy Saddles: "That's funny, because it's exactly what I want." She knows she started out too bossy, but then maybe she became too demure. She has no idea how she is ever going to prove to Rarity she's got what it takes. Sweetie Belle and Sassy decide to help each other. They both want Rarity's approval and the only way they're going to get it is to be totally honest with her. Sweetie tells Rarity that while she's honored Rarity thinks she could actually be number two in her fashion empire, it's not at all the future she pictured for herself. She just likes helping people, and her work with the CMC's lets her do that. Rarity says of course. She just got excited and carried away. She needs a number two and she just thought with how much passion Sweetie Belle showed for fashion it could be a sisterly empire! Sweetie Belle nudges Sassy. Sassy says she may not be Rarity's sister but she is in absolute awe of what Rarity creates and would like nothing better than to be her second in command! Rarity is taken back. She just assumed Sassy would want to open her own store someday, not work in Rarity's forever! Sassy says she has the skills to run a business, and she knows good fashion when she sees it, but creating something out of nothing? That's the mark of a

fashion genius and that is Rarity's department! She'd be honored to work for her forever if Rarity'd have her! Rarity hugs Sassy and Sweetie Belle. She couldn't ask for a better second in command or a sister for that matter! THE END.
