

# ELINOR WONDERS WHY

EP Bubble House

By: Katherine Sandford

**Elinor's Question:** How can we make a bubble house like the spittle bug does?

**Logline:** Inspired by a spittle-bug Elinor, Olive and Ari decide to make a bubble house, but it's not as easy as they thought..

## **Curriculum Goals:**

- LS5. Begin to understand that animals and plants depend on other living things and nonliving things in the environment to meet some of their needs:
  - a. Distinguish between living and nonliving things based on background knowledge and
  - b. Identify the habitats of familiar animals and plants in the environment
  - c. Recognize that each kind of living things has a habitat that has resources to meet its unique needs (Elinor and her friends observe the spittle-bug's bubble house, notice how he makes it (by blowing bubbles) and learn why (to hide inside).
- ND3. (RTL Crosscutting concept 'Structure and Function'):  
Understand that structures and materials in the natural world can be used or can inspire the engineering of structures with similar function in the designed world. [Elinor and her friends are inspired by the spittle bug's bubbles to make a bubble house of their own].
- SEP1. Asking questions (science) and defining problems (engineering)
  - b. Ask more complex questions about observable phenomena
  - c. Ask and/or identify cause and effect questions that can be answered by an investigation
  - d. Identify a problem that can be solved by the design of a new or improved object or tool  
(Elinor and her friends ask questions about the nature of bubble house and how it is made, then they replicate the method the spittle bug uses (blow lots of small bubbles) to make a bubble house.
- SEP6. Constructing explanations (science) and Designing Solutions (engineering)
  - a. Use background knowledge experiences, and data to construct reasonable explanations and theories of natural phenomena (science)
  - b. Look for and describe patterns and relationships in natural phenomena (science)
  - c. Use and apply productive science discourse to support an explanation
  - d. Use evidence to support a theory or solution to a problem (engineering) (Elinor and her friends observe the spittle bug, then design their own bubble house).

MAINS: Elinor, Olive, Ari, Ranger Rabbit

**1. EXT. FOREST NEAR ELINOR'S HOUSE - DAY**

ON: ARI is trudging along, dragging a large branch behind him. We can see ELINOR, hopping around in the background, looking at different natural things with interest, she keeps hopping around until just after line 13. Ari passes OLIVE who is busy piling a low (ankle-height) row of leaves in a circle on the ground for the walls of her leaf house (mostly in her imagination).

**2. EXT. ELINOR'S BACK YARD -- DAY**

The kids rush into the yard.

\*

28

ELINOR

28

Mom! Mom! You'll never guess what  
we found!

\*

\*

\*

Ranger Rabbit has laid out the snacks (veggies sticks,  
sandwiches and water in cups with paper straws).

\*

\*

29

RANGER RABBIT

29

Something exciting, I can tell.

\*

\*

30

ELINOR

30

There were these bubbles on a plant  
and then we saw a BUG inside the  
bubbles!

\*

\*

\*

They dive in and start <SFX: MUNCHING> on the snacks. Ari  
<SFX: SLUUUURPS> his water through a straw.

31

ARI

31

(to himself)  
Mmmmmmm. Slupry.

\*

\*

\*

32

RANGER RABBIT

32

Sounds like you found a spittle  
bug, Elinor.

\*

33

ELINOR

33

A spittle bug?

34

RANGER RABBIT

34

It's a bug that makes itself a  
little house of bubbles and hides  
inside.

\*

\*

35

ELINOR

35

Yes! We saw the spittle bug hiding.  
(To herself)  
Whoa, wait...I wonder why it does  
that?

\*

\*

\*

36

ARI

36

Maybe it's eating the bubbles in  
there.

\*

\*

37

OLIVE

37

Maybe it's playing hide and seek.

The kids watch it float away.

52                    OLIVE                    52  
Thanks, Ari. Your turn. \*

Ari <SFX: BLOWS> a bubble. \*

| 53 | ARI                        | 53 |   |
|    | I did it! I made a bubble! |    | * |

|    |                                   |    |   |
|----|-----------------------------------|----|---|

|    | (thinking)                        |    |   |
|    | But how do we make a whole bubble |    | * |
|    | <i>house.</i>                     |    | * |
|    | (figures it out)                  |    | * |
|    | Let's think up some ideas and try |    | * |
|    | them out.                         |    | * |

So they dive in. \*

BUBBLE WIPE TO:

THE BUBBLE SONG

The kids are running around blowing bubbles as they sing.

\*

55

ELINOR, OLIVE AND ARI

55

(singing)

\*

Bubble, bubble, bubble,  
We're gonna blow some bubbles.  
Elinor: To build a Bubble House,  
Olive: Like a Spittle Bug does,  
Ari: And get inside!

\*

ELINOR: (spoken, sing-song) Let's  
try blowing lots of little bubbles  
and then put them together to make  
the house.

\*

\*

\*

\*

\*

ALL: Bubble, bubble, bubble,  
We'll blow lots of baby bubbles.  
Elinor: A whole pile of little  
bubbles.  
Ari: And try to get inside.

\*

\*

\*

\*

They have a pile of small bubbles (but not suds) but when  
Elinor touches them they <SFX: POP! POP! POP!>

ELINOR: (spoken, sing-song,  
laughing) That didn't work...  
OLIVE: (spoken, sing-song, laughing)  
Let's try again.  
ARI: (spoken, sing-song, laughing)  
Let's make one BIG bubble this  
time.

\*

\*

\*

\*

\*

\*

\*

Olive is bending the bubble wand to make it bigger - or maybe  
putting two together.

\*

ALL: Bubble, bubble, bubble,  
Let's blow a big, big bubble.  
Ari: A really humungous bubble  
Elinor: And try to get inside!

\*

They blow the biggest bubble possible but when Elinor touches  
it - it <SFX: POPS!>

\*

ELINOR (spoken, laughing) That  
didn't work either,  
ARI: (spoken, laughing) Now what do  
we do?

ALL Bubble, bubble, bubble,  
(MORE)

ELINOR, OLIVE AND ARI (CONT'D)  
 We blew lots of bubbles  
 But we couldn't build a Bubble  
 House.  
 Like the Spittle Bug does.  
 To get inside.

\*

BUBBLE WIPE

**4. EXT. ELINOR'S BACK YARD -- LATER**

Bubbles are floating around the yard and <SFX: POPPING>. One  
 <POPS> on Olive's trunk. The kids <SFX: LAUGH>. At that  
 moment, Mom comes out the back door.

56 RANGER RABBIT 56  
 How's the bubble building going?

57 ARI 57  
 Well the good news is - we blew a  
 TON of bubbles! First we blew a lot  
 of little bubbles, but we couldn't  
 get them to stick together. \*

58 OLIVE 58  
 Then we blew a really ENORMOUS  
 bubble but it popped when we tried  
 to get inside. \*

59 ELINOR 59  
 (a little disappointed)  
 I guess we'll never have a bubble  
 house, and I really wanted one. \*

Olive puts her hand on Elinor's shoulder.

60 OLIVE 60  
 Me too.

Ari puts his hand on Olive's shoulder.

61 ARI 61  
 Me THREE.

The three kids <SFX: SIGH> with disappointment.

62 RANGER RABBIT 62  
 Hmmmmmm, so you wanted to make a  
 bubble house just like the spittle  
 bug did, and you tried to make it  
 using your bubble wands? \*

63 OLIVE 63  
 Yep, but that didn't work. \*

|    |                                    |    |   |
|----|------------------------------------|----|---|
| 64 | RANGER RABBIT                      | 64 | * |
|    | Well, did you observe how the      |    | * |
|    | spittle bug made its bubble house? |    | * |
| 65 | ELINOR                             | 65 | * |
|    | Ohhh.                              |    | * |
| 66 | ARI                                | 66 | * |
|    | What do you mean, Mrs. Rabbit?     |    | * |
| 67 | RANGER RABBIT                      | 67 | * |
|    | Sometimes to learn from nature,    |    | * |
|    | it's important to observe HOW an   |    | * |
|    | animal does something, not just    |    | * |
|    | WHAT they do.                      |    | * |
| 68 | ELINOR                             | 68 | * |
|    | I never thought about it that way  |    | * |
|    | before. We saw the bubble house    |    | * |
|    | that the spittle bug made, but we  |    | * |
|    | never saw the spittle bug MAKING   |    | * |
|    | the bubble house.                  |    | * |
|    | (energized)                        |    |   |
|    | We need even MORE observations!    |    |   |

**5. EXT. FOREST NEAR ELINOR'S - DAY**

The kids go back to the spittle bug tree.

| 70 | ARI                                 | 70 |  |
|    | But where's the spittle bug?        |    |  |
| 71 | OLIVE                               | 71 |  |
|    | He's probably inside.               |    |  |
| 72 | ELINOR                              | 72 |  |
|    | Let's watch really, really quietly. |    |  |
| 73 | ARI                                 | 73 |  |
|    | Right. We don't want to scare him   |    |  |
|    | again.                              |    |  |

ECU: At that moment the Spittle Bug comes out of the bubbles.

89                                   OLIVE                                   89  
Good question.   HMMMMMM.

90                                   ARI                                   90   \*

Ari finishes his drink. <SFX: Sluuuuurrrrp...> then sighs <SFX:   \*

Ari hands Elinor the straw. She puts it in the bubble stuff.

93                                   ARI                                   93  
Wait, Elinor! Don't drink the  
bubble stuff. It's SOAP! BLECH!!

94                                   OLIVE                                   94  
I don't think she's going to, Ari.

Elinor takes a <SFX: BREATH> and then starts to blow air into   \*  
the soapy mixture. <SFX: BLUB, BLUB, BLUB>

95                                   OLIVE (CONT'D)                                   95  
Elinor's using the straw to blow  
air into the bubble stuff, just  
like the spittle bug did.

ECU: A few bubbles froth up.

96 OLIVE (CONT'D) 96  
It's working!

97 ARI 97  
Let's help.

Ari and Olive grab straws and join Elinor taking <SFX: BREATHS> and then blowing into the frothy liquid. Bubbles <SFX: BUBBLE UP> and over the edge of the container and start gathering on the ground. \*

98 OLIVE 98  
Wow! Look at those bubbles! We can definitely make a bubble house like that. Keep going! \*

Finally, they make a REALLY big mountain of suds!

99 ARI 99  
Bubble-o-rama!! Now THAT's a Bubble House.

100 OLIVE 100  
Try to get inside, Elinor.

Elinor crawls inside the mound of bubbles and pokes her face out the front.

101 ELINOR 101  
<GASP!> We DID it!

Olive and Ari high-five <SFX: CELEBRATION WALLA>, then Elinor's Mom joins them.

102 RANGER RABBIT 102  
Wow, that's some impressive bubble building. But where's Elinor? \*

Elinor calls from her bubble house! \*

103 ELINOR 103  
Here I am! \*

104 RANGER RABBIT 104  
(laughing) I didn't see you at first. How did you make such a great Bubble house? \*

105 ELINOR 105  
We blew air INTO the bubble stuff, just like the spittle bug did. \*

106 OLIVE 106  
And made a whole bunch of SMALL  
bubbles.

107 ARI 107  
It's like you said, Mrs. Rabbit. We  
looked closely to learn HOW nature  
does it, and that's how we got the  
idea. \*

108 RANGER RABBIT 108  
Nice work, scientists.

109 ELINOR 109  
Thanks Mom.  
(to Olive and Ari) \*  
Who wants to come into our bubble \*  
house with me? \*

110 ARI 110  
Don't mind if I do.

111 OLIVE 111  
But...where's the door?

112 ELINOR 112  
Ooops, wait a sec.

Elinor disappears for a beat, then pokes her face out the  
side.

113 ELINOR (CONT'D) 113  
Ta-dah! \*

114 ARI 114  
(it's obvious)  
Oh, there it is. \*

115 OLIVE 115  
(giggling)  
I don't know why we didn't see it  
before.

All the kids <SFX: GIGGLE> Olive and Ari climb into the  
Bubble House. A beat then, <SFX: Pop! Pop! Pop!> Three cute  
faces poke out of the bubbles.

116 ELINOR 116  
Peek-a-bubble!

117 RANGER RABBIT 117  
Awww, look. Three cute spittle  
bugs.

The three kids <SFX: LAUGH>
