Written by: Whitney Ralls

EXT. FESTIVAL ENTRANCE – DAY

Sunset reels, confused, as she and the rest of the Mane 7 approach the security lines. As before, the other line goes faster. Rainbow Dash is the impatient one this time, asking the Security Guard if he can move any faster. "Security is an art—" Sunset follows up: "It can't be rushed." Hey, how'd she know he was going to say that? She's too dazed/confused to respond.

INT. FESTIVAL GROUNDS – DAY

As they enter, the fairy-girl on stilts steps over Sunset, who's really creeped out now. The Mane 7 lead her into THE MAZE, and they get lost. Sunset tells Sci-Twi they've done this all before. It's not déjà vu, this is REAL. PLEASE, HELP! Sci Twi takes her seriously: "It's possible there's a snag in the fabric of spacetime, causing this temporal point – i.e. this day – to fold in on itself, thereby repeat?" The girls stare at her and she offers: "You could be stuck in a time loop?" Sunset falters—what!? But just then they find their way out of the maze. Bulk Biceps yells "PAINT PARTY!!!" And SPLAT, she's covered in paint. Pinkie suggests they go to the bathroom and clean up, but Sunset REFUSES! That's what happened last time, and she missed PostCrush! She's not making the same mistake! And then she turns and bumps right into the SECURITY GUARD, getting him covered in WET PAINT! He growls: "Did you start this paint fight?" Suddenly ZOOM, everyone runs and Sunset's left looking pretty guilty.

"I—I—No—I—" ... CUT TO:

EXT. FESTIVAL – DAY

Sunset gets kicked out of the festival. "And don't come back tomorrow!" She's super upset, there goes her do-over chance to see PostCrush! But then a smile spreads across her face. "Okay, I won't come back tomorrow..."

CUT TO: Quick shots that will begin to signify "another repeated day." Her familiar PostCrush alarm. Rainbow Dash's Totem pole bonk. Her friends milling about at breakfast. Sunset grins, finishing her thought: "...I'll come back today!"

EXT. FESTIVAL ENTRANCE – DAY

Sunset leads them to the (initially) longer line. Rainbow Dash protests when suddenly- it's moving super-fast! Nice call, Sunset! Sunset shrugs, like "...I had a feeling."

EXT. FESTIVAL GROUNDS – LATER

Sunset ducks and rolls through the fairy-girl's stilts, to the girl's delight.

EXT. NEON GARDEN MAZE – LATER

Sunset confidently runs through the maze, going so fast her friends can't keep up.

EXT. OUTSIDE NEON GARDEN MAZE - FESTIVAL GROUNDS - LATER

Sunset runs out of the maze, thrilled. She catches her breath until she sees Bulk Biceps. "PAINT PARTY!" She dodges the glob of paint-- just in time for it to hit Applejack as she comes out of the maze! She warns them not to wash up in the nearby bathroom— there's some weird parkour dude stealing backpacks on the loose! She turns and strides purposefully to...

EXT. MAIN STAGE – LATER

The main stage, where Sunset situates herself at the VERY FRONT and leans by herself against the railing. TIME LAPSE UNTIL THAT NIGHT, when she's eagerly anticipating PostCrush with the rest of the crowd. The house lights go down. The music comes up. Sunset <YELLS> her heart out as PostCrush takes the stage, spotlights finding them one at a time. It's everything Sunset ever hoped it would be. Sunset dances, singing along. The lead singer K-Lo reaches out to the audience and Sunset almost touches her hand!

EXT. CAMPFIRE – GLAMPING RV – LATER

The Mane 6 are hanging out when Sunset gets back, exhausted and content. Pinkie, sad to have lost her friend, comments that they lost track of her. "How was your day without us?" Sunset sinks into a camping chair, still glowing from the performance. "Perfect." As an aside, she thanks the universe for the do-over, and promises she'll never ask for another favor again (She's assuming it's Equestrian Magic that heard her

wish, or something like that). She gets in bed and goes to sleep, excited to leave the time loop behind for all the bands in Day 2.

INT. GLAMPING RV – MORNING

Sunset's eyes open as her PostCrush alarm sounds. She sits up and gets WHACKED in the face by Rainbow Dash's totem: "Welcome to Day 1!" She runs outside, panicking, seeing the same familiar sights. Sunset groans. How many times does she have to do this?
