SC. 1 - INT. TWILIGHT'S BEDROOM - DAY

TWILIGHT

Oh, I'm so excited for my uh...
"hangout" with Timber Spruce!

TWILIGHT (CONT'D)

First, we're gonna peruse the exhibit
on gravitational fields for thirteen
minutes... then we'll marvel at the
vastness of the universe during the
planetarium show... and finally we'll
enjoy cups of hot cocoa and casual
conversation as we spot
constellations in the night sky!

FLUTTERSHY

Oh, that all sounds lovely! But
you're sure it isn't too much for
one... hangout?

TWILIGHT

No. It's all going to go exactly as I
planned. Perfect, that is!

FLUTTERSHY

I got something special for your big
night. Just in case.

TWILIGHT

Aw, that's so sweet! You didn't--

TWILIGHT (CONT'D)

...have to?

CUT TO:

**SC. 2 - EXT. NATURAL HISTORY MUSEUM- SPACE EXHIBIT WING -
DUSK**

TWILIGHT

Hey Timber! Want to go inside and
see the gravity exhibit? It's really
pulling me in!

TIMBER SPRUCE

Uh, hehehe, on account of the
gravitational pull?!

Written by: Gillian Berrow

TWILIGHT
(Laughs then groans)

CUT TO:

**SC. 2 - INT. NATURAL HISTORY MUSEUM- SPACE EXHIBIT WING -
CONTINUOUS**

TWILIGHT SPARKLE
But it says that the exhibit should
be right here, next to the statue of
Star Swirl!

TIMBER SPRUCE
Maybe it got sucked into a black
hole?

TWILIGHT
Oh no! The planetarium show's about
to start!

CUT TO:

**SC. 3 - INT. NATURAL HISTORY MUSEUM- PLANETARIUM -
CONTINUOUS**

MUSEUM EMPLOYEE
All shows are cancelled for the rest
of the day.

TWILIGHT
(Groans)

TIMBER SPRUCE
Hey, that's okay Twilight. It's not
the end of the world.

TWILIGHT SPARKLE
The telescope! Come on!

CUT TO:

SC. 4 - INT. NATURAL HISTORY MUSEUM- PLANETARIUM - LATER

TOGETHER
Ouch!/Hot!

TWILIGHT SPARKLE
(lisp from burned tongue)
Hot, hot, hot, hot. Ow. Oh, I'm tho
thorry, Thimber. Nothing's gone ath
planned...

TWILIGHT SPARKLE (CONT'D)
We got lost, the show was cancelled,
we burnt our tongues, and now the
sky is too overcast to spot a single
star!

TWILIGHT SPARKLE (CONT'D)
And I was really hoping to impress
you...

TIMBER SPRUCE
Uh, hehe, tell me about it. Now how
am I supposed to impress you by
pointing out the constellations of
Equuleus, Pegasus, and Cassiopeia?

TWILIGHT SPARKLE
(brightening)
You know where those are?

TIMBER SPRUCE
(sheepish)
I may have done a little Astronomy
studying in preparation for tonight.
Okay... a lot of studying.

TWILIGHT SPARKLE
(looking at Timber/whispering to herself)
Consider me...

TOGETHER
Star struck.

FADE OUT.
