EXT. DOCK - OCEAN - DAY

From the dock, Pinkie Pie tosses a picnic basket to Sunset Shimmer, who packs it away on the SAILBOAT. Twilight Sparkle lays out a carefully plotted map while the rest of the Mane 7 raise the sail. They all wear proper safety gear.

1 TWILIGHT SPARKLE
Coordinates calculated, life vests
on, we are set for smooth sailing
to Half Moon Island!

Rarity adjusts her huge SUN HAT.

2 RARITY
An island picnic! I cannot imagine
a more splendid setting in which to
debut my resort collection!

Pinkie Pie hops aboard with even more SNACKS.

3 PINKIE PIE
And I'm debuting my caramel cream
puffs if anyone needs a mid-sail
snack. Available port to starboard!

4 RAINBOW DASH
(eating one)
Awesome! These'll really *tide* us
over until lunch. Get it? Like the
ocean's tides?

PP suddenly gets super serious.

5 PINKIE PIE
The ebbs and flows of the sea are a
beautiful, raw force that should
not be joked about, Rainbow Dash.
(beat)
So let's dive in! CAST AWAY!

PP casts off the dockline rope with a dramatic flourish. But the boat just floats there, barely moving.

6 APPLEJACK
If we're expectin' to sail we sure
could use some wind.

7 TWILIGHT SPARKLE
(confident)
Don't worry, I checked the weather.
We should expect a strong Westward
gale in three! Two! One!

Twilight points towards HALF MOON ISLAND: a sandbar in the distance. A HUGE WIND blows them in the opposite direction.

8 TWILIGHT SPARKLE (CONT'D)
Wait a minute, we're going the
wrong way! Adjust the sail!

The boat skims over little waves at a clip as Applejack struggles with the sail's lines.

9 APPLEJACK
Aye aye!

10 TWILIGHT SPARKLE
Great attitude, sailor! Now jibe,
tack, and heel toward Half Moon
Island!

11 APPLE JACK
Aye-aye-aye-I don't know what I'm
doin'! This ain't exactly a lasso.

The sail spins around and around, forcing Rainbow Dash to "jump rope" over its boom. AJ gets it under control with Sunset Shimmer's help. Half Moon Island is on the horizon.

12 TWILIGHT SPARKLE
Almost there! If only we could get
a little more power!

Next to the sail, Rarity's big hat blows off and she CATCHES it mid-air. The WIND fills it and the boat picks up speed.

13 APPLE JACK
Yee-haw!

Right before they reach the shore, an extra huge GUST of WIND LOFTS the sailboat gently into the air.

14 RD/TS/PP
Woah-oah-oah!/Hold on!/Whee!

Everyone holds onto the railing. Rarity loses her hat as the boat SOARS over the island. Fluttershy waves to a SEAGULL as they pass the top of the solitary tree there.

The boat lands on the other side with a SPLASH! The wind calms and they glide peacefully on. Everyone's soaked, including PP and her caramel cream puffs.

Beat. Everyone shares a glance then BURSTS into laughter.

15 FLUTTERSHY
Guess we're meant to be land
animals.

16 TWILIGHT SPARKLE
Who needs an island picnic when we
can have a picnic at sea?

AJ dumps water out of her hat. Fluttershy smiles as some
dolphins come boatside to show off for them.

Twilight opens the picnic basket and everyone chows down
except Pinkie Pie. She's in an epic pose with one foot on the
bow, a caramel snack in hand. She narrows her eyes, as if
acknowledging a worthy adversary.

17 PINKIE PIE
The sea: Vast. Mysterious. Wild. We
may never fully understand her, but
nonetheless she commands respect.

She takes a contemplative bite of the soggy cream puff.

18 PINKIE PIE (CONT'D)
Mmmm, SALTED caramel!

IRIS OUT.
