INT. RARITY'S ROOM - DAY

RARITY and APPLEJACK sit down in front of the camera.

1 RARITY
Hello internet darlings, it's your
music festival muses Rarity and
Applejack here, presenting our
camping must-haves.

2 APPLEJACK
Don't be fooled by our different
styles-- we're on the same page
when it comes to packin' right for
a trip to the great outdoors.

Applejack picks up sunscreen.

3 APPLEJACK (CONT'D)
Yer gonna be out in the hot sun all
day long, so be sure to bring
plenty of sunscreen.

Rarity puts on a fancy sun hat.

4 RARITY
Fashionable shade is always in
style.

5 APPLEJACK
But ya don't really need both--

6 RARITY
--Just the hat then-- it's less
greasy. And maybe a scarf.

Rarity tosses the items in a pile. Applejack swallows her
mild annoyance and soldiers on.

7 APPLEJACK
I can think of two must-haves for
makin' an outhouse feel like an
inhouse: bring your own TP, and
plenty of hand sanitizer!

AJ holds up toilet paper and hand sanitizer. Rarity GASPS.

8 RARITY
Single-ply! Just because we'll be
living among animals doesn't mean
we have to become one, Applejack.

RARITY (CONT'D)

Consider four-hundred-thread-count
organic micro-fiber disposable bath
tissue, and one or two all-natural
moisturizers, maybe a few more--
never hurts to have the whole
set...

She picks up an armful of lotions and creams.

9 APPLEJACK
Ya can't go three days without 'em?

10 RARITY
I'll fit them in, darling!

She tosses them in the rapidly growing pile.

11 APPLEJACK
(a little irritated)
And finally, you'll need a sleeping
bag for a few hours o' shut-eye.

AJ holds a sleeping bag. Rarity adds items to the pile.

12 RARITY
Plus plenty of pillows. Don't
forget a satin eyeshade and
artisanal beeswax earplugs and oh
why not--! ...Nghhhhhh--!

She DRAGS a four-poster bed into frame. AJ cracks.

13 APPLEJACK
Excuse me?! What happened to
bringin' only our must-haves?!

Rarity stops, indignant.

14 RARITY
This is a hand-carved mahogany four-
poster bed with a vintage silk-
screened canopy! I absolutely MUST
HAVE it!

15 APPLEJACK
...How you plannin' to get all this
out to the campsite, if you don't
mind me askin...?

16 RARITY
Why, in my Glamping RV, of
course...

Rarity tosses back her hair and whisks open the bedroom
curtains. AJ adjusts the camera, revealing in the backyard
below... *

A SHINY NEW PURPLE RV set up for camping. Applejack gawks. *

17 APPLEJACK *

(bummed) *

Guess that covers everything... *

Rarity looks from her RV to her bummed-out friend, softening. *

18 RARITY *

There is one must-have I forgot to *

mention... My best friend. *

Awww-- hugs! Then AJ grins, running out with RY on her heels-- *

19 APPLEJACK *

I call dibs on the barbecue! *

END OF EPISODE. *
