SET UP**INT. AUDITORIUM - SIDE STAGE - DAY**

SUNSET SHIMMER
Go! Go! And.... Go!

INT. AUDITORIUM - CENTER STAGE - COAL MINE SET**INT. AUDITORIUM - SIDE STAGE - INTERCUT**

SUNSET SHIMMER
Ten seconds to set change. Stage
crew ready?

SNIPS/SNAILS
(grunting)
Uh-huh.

SUNSET SHIMMER
In five, four, three, PYRO...

SUNSET SHIMMER (CONT'D)
And ... bring in Shiny City!!

SNIPS/SNAILS
(grunting/groaning)

CROWD WALLA
Oh!/What's happening/Hey!

SUNSET SHIMMER
Guys, the effect is ruined if we
don't get the set across the stage
in time with the dancers.

SNIPS
But it's like movin' a ton of bricks
that's been built like ... like a
city!

SUNSET SHIMMER
There's got to be a better way to
move this thing...

TWILIGHT SPARKLE
Don't worry Sunset, I've got an
idea!

PINKIE PIE
Ooooooh! Oooh! Pick me! Me too! Pick
me! Pick me! Pick me!

MICRO CHIPS
(cupping hands, yelling)
Surely brains, not brawns, are the
secret formula for backstage
success!

ENDING A: TWILIGHT SPARKLE

INT. AUDITORIUM - LATER

SUNSET SHIMMER
Thanks, Twilight. Your geode
powers'll make moving this set a
cinch! Ready...? Magic, GO!

SUNSET SHIMMER (CONT'D)
Twilighhh--YEOW--!

TWILIGHT SPARKLE
This is the perfect chance to test
my robotics club project!

SUNSET SHIMMER
I woulda gone with super-amazing
perfect-for-this-specific-problem
Equestrian magic. But, okay...

SNIPS
Oh great, there go the robots takin'
all our high-payin' jobs again!

SNAILS
Yeah! Wait, we're getting paid for
this...?

SUNSET SHIMMER
(groans)

Written by Christopher Godfrey

SUNSET SHIMMER
And... Bring in Shiny City!!

SUNSET SHIMMER (CONT'D)
Twilight! Your robot's amazing!
Let's do this one more time from the
top!

TWILIGHT SPARKLE
Ready when you are!

IRIS OUT.

ENDING B: PINKIE PIE

INT. AUDITORIUM - DAY

SUNSET SHIMMER
Pinkie Pie! What are these?

PINKIE PIE
Party balloons!

SUNSET SHIMMER
I'm not sure we have time for
balloons...

PINKIE PIE
(in Sunset's face)
YOU WILL MAKE TIME, SUNSET!!!
(then, calm)
I mean... there's always time for
balloons!

SNAILS
(afraid)
I love balloons, they're not scary
at all.

SNIPS
Little balls of joy.

SNIPS (CONT'D)
(screams)
TRAITOR!

SNAILS
I told you...!

PINKIE PIE
...actually, they're the set.

SUNSET SHIMMER
You mean they're "for" the set.

PINKIE PIE
Nope.

SUNSET SHIMMER
I feel like you're gonna have to
explain this.

PINKIE PIE
Nope.

CUT TO:

INT. AUDITORIUM - SIDE STAGE - INTERCUT

SUNSET SHIMMER
Bring in Shiny City!!

PINKIE PIE
See...? Balloons can do anything!

IRIS OUT.

ENDING C: MICRO CHIPS

INT. AUDITORIUM - DAY

MICRO CHIPS
While simple machines do provide a

Written by Christopher Godfrey

mechanical advantage by multiplying force against a single load-- i.e., this set-- I'm afraid the net loss of force due to friction in the opposite vector has not been overcome.

SUNSET SHIMMER
No kidding.

SNIPS
Pfft. Your face is an opposite vector.

MICRO CHIPS
Your face is nothing more than a genetically predetermined arrangement of stratified squamous epithelial cells.

SNAILS
(to Snips, LOUD!!!)
OH SNAP, SNIPS! BURN! ...I think?

SNIPS
...Harsh.

SUNSET SHIMMER
I'm not sure you'll be able to move that giant, heavy set on your own.

MICRO CHIPS
I won't be moving anything.
(points to head, then O.S.)
This muscle is gonna convince those muscles to move it on their own.

SUNSET SHIMMER
Bulk Biceps? But I already asked him for help-- he's too busy working out for his part in the play... "Lump of Coal"

BULK BICEPS
This lumpa coal's gonna be cut like a diamond. Nugh! Nugh! Nugh! Nugh!

INT. AUDITORIUM - DAY

SUNSET SHIMMER
And... Bring in Shiny City!!

BULK BICEPS
Hut hut hut hut! Hut hut hut hut!
Hut hut hut hut...

MICROCHIPS
GO! Muscle, muscle, muscle!

SUNSET SHIMMER
How'd you convince him to stop and help?

MICRO CHIPS
Isn't it obvious? I fabricated a counterfactual peer-reviewed pseudoscientific study in *Insane Lats Magazine* that postulates the only way to make your shirt uncomfortably tight for the summer is Battle Ropes.

BULK BICEPS
I BATTLED THE ROPES AND I WON!!!

SUNSET SHIMMER
You are a genius.

IRIS OUT.
