SET-UP

INT. TENT/EXT. FESTIVAL GROUNDS - PRE-DAWN

It's EARLY PRE-DAWN MORNING on 2 of the music festival, and Sunset Shimmer <GROANS> at the sound of her ALARM. She can barely keep her eyes open after such an uncomfortable night in a tent, not to mention Sci Twi's snoring. Lumbering out of her sleeping bag like a zombie, she yawns for so long that she falls asleep again for a moment before jerking awake again. As she finally exits the tent, she's surprised to find that APPLEJACK, RAINBOW DASH and PINKIE PIE are all already up before the sun! Each offers to help her start her day off right. As Sunset considers, three clear visual choices appear (linking to their respective endings).

Sunset: "Who's morning routine should I try?"

A: APPLEJACK

B: RAINBOW DASH

C: PINKIE PIE

ENDING A: APPLEJACK

EXT. FESTIVAL GROUNDS - LATER

In the distance, SPIKE barks like a rooster crowing and we begin sharing Applejack's down-home country wake-up routine. "Come on, sleepyhead! The sun's almost up! Back home, we'd have been up hours ago!" Applejack gives her all sorts of farmhand work to do but with their stuff instead, e.g., a "barn-raising" aka they re-set-up their tent so everyone will be more comfortable that night. Sunset struggles to stay awake, but as they work, her blood gets pumping. They even go grab breakfast for their friends. By the time they're done, the other girls have all woken up and are thrilled to see the new tent and a lavish breakfast spread. Sunset is shocked by her stomach grumbling, and Applejack smiles; "That's the best part of a hard day's work done early - now there's nothin' to do but chow down and have fun!"

ENDING B: RAINBOW DASH

EXT. FESTIVAL GROUNDS - PRE-DAWN

Close-up on Rainbow Dash's face as her eyes narrow. "Are you ready to GET MOVING?" Cut to Sunset Shimmer's sleepy eyes struggling to stay open. "Do we have to?" Rainbow Dash nods with determination. "It's time for EXTREME... YOGA!" . Zoom out to reveal - they're

stretching. Rainbow Dash leads Sunset through some deep stretches as the sun begins to rise. Just as Sunset begins to appreciate this calm approach to the day, Rainbow Dash jumps up - "Alright, that's enough warm-up!" Cut from Sunset's confused face - "What do you mean, warm-up?" - to Sunset and Rainbow Dash doing an INTENSE mountain hike. Sunset sweats and wheezes as Rainbow Dash moves effortlessly upward. Just as Sunset's about to give up, she reaches the peak and Rainbow Dash pulls her up - to see a beautiful, sparkling sunrise over the water. "Not bad, huh?" Sunset grins, astonished by the sight she'd never see if she'd slept in. Rainbow Dash nudges her - "Y'know, back home I get up and jog almost every morning! You should come with—" But Sunset cuts her off. "Don't push your luck."

ENDING C: PINKIE PIE

EXT. FESTIVAL GROUNDS – DAWN

"You are going to LOVE this place. They have the best coconut-mocha-chocolate-sprinkled-donut-pancakes in the WORLD!" Pinkie Pie pulls a sleepy Sunset towards a hot pink FOOD TRUCK. She orders two, and hands one to Sunset, who has one bite by the time Pinkie finishes hers completely. Sunset chews as she asks "is this the best idea first thing in the morning?" Pinkie gasps; "Of COURSE NOT!... We need a BALANCED breakfast!" Flash cut montage of more food trucks and desserts - "Snowball sprinkle cupcake waffles!" "Jelly bean beignets!" "Frosted sugar cookie croissants!" Cut to Pinkie and Sunset after their binge spree, and Sunset is WIDE awake. They eagerly exclaim everything they're going to do that day, practically jumping up and down, totally hyper - then flash cut to them back at the tent, passed out from a sugar crash. Applejack and Rainbow Dash peer in with a healthy breakfast and some water... "Should we wake them?" - "Ah, they're on vacation... Let's just leave this here."
