SET-UP

EXT. STARSWIRL MUSIC FESTIVAL – DAY

We find our Fluttershy, Rarity, and Sci Twi (plus Spike) walking through the food truck area when they spot a puppy with the saddest eyes, searching the crowd for a familiar face. Fluttershy immediately realizes this dog needs help! Rarity isn't so sure... since it's without a collar, perhaps this is just a feral beast waiting to infect them with who-knows-what-kind-of pestilence it's carrying. The pooch whines adorably, so sad and cute: Fluttershy beckons her to come over. Rarity rolls her eyes. And down at their feet... Spike gives it waggle eyebrows. PUSH IN ON the dog, panting, cocking her head to look at them, as three clear visual choices appear (linking to their respective endings).

Fluttershy: “Don’t be afraid... we’ll help you!”

A: RARITY

B: FLUTTERSHY

C: SPIKE

ENDING A: RARITY

EXT. STARSWIRL MUSIC FESTIVAL – DAY

The dog BARKS and prances toward Rarity, who gingerly pets it, then wipes her hands with sanitizer... explaining that she wasn't offering to help. Undeterred, the dog slops her muddy paws onto Rarity's leg and slobbers on her. She wants to help, but would really love if the pup would not... jump into her arms and lick her. Just then, the dog jumps into her arms and licks her. Screaming, Rarity runs for it. Fluttershy laughs, saying the dog thinks it's a game and starts chasing Rarity. After a brief chase around the festival, Rarity breathes a sigh of relief, finally rid of that slobbery filthy creature, until it jumps out like a horror movie and slobbers all over her! Covered in dog-slime, she stumbles backward, bumping right into the bass player from PostCrush—the headlining band (see 6x7 special)! She's so thankful Rarity found her pooch that she gives Rarity one of her famous feather boas. Wiping slime off her face, Rarity is so happy... until Crystal Clear tells the puppy to say, “thank you” and holds her up and she slobbers ALL OVER RARITY... even on her new feather boa. Rarity sighs: “You’re welcome.”

ENDING B: FLUTTERSHY

EXT. CAMPGROUND FOREST – DAY

Fluttershy brings the puppy away from the festival, offering it the chance to amongst her own kind in the natural world. But Fluttershy is confused every animal in the forest approaches her and wants autographs, selfies, etc. CUT TO LATER: Fluttershy has become Gretchen's assistant, running interference for all the adoring animals. Finally, Crystal Clear of PostCrush approaches, looking for her dog. Fluttershy tells her she doesn't have an appointment, then realizes who she is and what she's saying—no wonder this dog is so famous! She reunites them with a lesson on proper doggie ID, then braces herself for an even more difficult task: telling the long line of waiting woodland animals that the autograph session is over!

ENDING C: SPIKE

EXT. STARSWIRL MUSIC FESTIVAL – DAY

The puppy starts towards Spike... and Spike's heart start swirling. Spike denies Rarity's claims that he has a crush, but then sprays some breath-freshener and offers in his manliest voice to help this dog with whatever she needs. They go on a rom-com date around the festival (e.g., a lady-and-the-tramp-esque dinner of eating the same noodle from a bowl of Sushi Truck ramen), but their romance comes to an end when the puppy's owner approaches—Crystal Clear of PostCrush?! She apologizes to the everyone for her dog taking up so much of their time. Spike is crushed... but as the puppy leaves—she turns and runs back and LICKS Spike's cheek! His eyes turn to hearts and he SIGHS.
