MY LITTLE PONY EQUESTRIA GIRLS

"Friendship Games"

EG 1 & 2 RECAP - REVISED

Written by: Michael Vogel

Revised Polish Draft: July 27, 2015

SC. 1 - EXT. CANTERLOT HIGH - STEPS - DAY

Sunset Shimmer writes in her journal on the steps of Canterlot High.

1 SUNSET SHIMMER (V.O.)
Dear Twilight, how are things in Equestria? It's been pretty normal here at Canterlot High since you left, which, to be honest, is a welcome change. Things have been so crazy ever since I stole your magic crown and snuck through the portal from Equestria. Believe it or not, I'm glad you followed me back to this strange new world with no magic. With the help of your new friends, you won over the student body and managed to beat me to become Princess of the Fall Formal. Even when the magic in your crown turned me into a powerful demon, you wouldn't back down. It was only after I saw the true magic of friendship you and your friends possessed that I realized the error of my ways. I'm so sorry. I didn't know. **(ALT: I'm really sorry.)** You and I both know our magical history, but we had no idea Starswirl the Bearded had banished the evil Sirens to this world ages ago. Once they sensed the magic we released at Canterlot High, they showed up as new students. **(ALT: Little did we know, Starswirl the Bearded banished the evil Sirens to this world ages ago, and once they sensed the magic we released at Canterlot High, they showed up as new students)** I could tell right away there was something strange about them, and when almost everyone in the school started turning on each other, the girls and I knew we were going to need your help. To battle a musical threat like the Sirens, we needed a musical counterspell. I wish you had told us about how worried you were about solving it...we all just assumed you would be able to whip one together.

SUNSET SHIMMER (V.O.) (CONT'D)

(ALT: I wish you had told us you were having trouble writing it.)

The Sirens almost managed to tear our friendship apart and use our magic against us, but fortunately, our friendship was too strong to break. I guess I've learned a lot from you girls, because I finally found my voice and stood next to you, fighting the Sirens with our song of friendship and acceptance. Thankfully, since the Battle of the Bands, no more villainous plots to take over Canterlot High have popped up, although there is still a good bit of magic around the school. **(ALT: Thankfully, no more villainous plots to take over Canterlot High have popped up, although there is still a good bit of magic around the school.)**

I've been conducting some experiments to figure out why it works differently here than it does in Equestria, but so far the results are inconclusive.

It would be great to talk it through with you. I'd sure like to get a handle on things before the upcoming Friendship Games. We're competing against the Crystal Prep Shadowbolts, and it's all anyone can talk about lately.

Drop me a line when you get a chance. Your friend, Sunset Shimmer.
