Crystal Prep Recon Mission

Premise by Natasha Levinger

We see the ivy- covered stone walls and iron gates of a beautiful school and see the sign that reads: CRYSTAL PREP ACADEMY. A bunch of Crystal Preppers are walking in, talking and laughing. From behind we see Rainbow Dash and Pinkie Pie fall behind them (like Dorothy in the Wizard of Oz going into the Witch's castle Oh-ee-oh-style). We see Dash give Pinkie Pie a chastising elbow as Pinkie Pie has started to bounce a little. They get through the doors and Dash pulls Pinkie Pie aside and tells her she's going to have to tone down the pep, they have to be pure stealth. She responds in a tone that is decidedly not "stealth". Pea Cues and Fair Tee corner them and ask where their uniforms are, they don't remember seeing them there before. Rainbow Dash makes an excuse and grabs Pinkie Pie. They go down a flight of stairs and duck into a closet. In the closet Dash tells Pinkie Pie they HAVE to figure out what CPA are training in so they can be sure to be as good as they are at everything. They come out seconds later, dressed as janitors, with mustaches on. Turns out Pinkie Pie has come prepared with disguises. Well, moustaches. They peek out and see Lightening Dust talking to Lemon Tart. She's yelling at her, "Who's gonna win?? We're gonna win!!! Crystal Prep is going to WIN!!!" Lemon Tart is just staring at her listening to her music nodding her head. She pulls her ear bud out and says, "Couldn't hear you, was in my own zone. You look like you need to chill though, man." Lightening Dust walks off in a huff. Dash and Pinkie Pie take in how serious this school is. Principal Cinch sees them from her office and calls them in to clean her floors. They go in and Cinch is talking to Sugar Coat about how this is no competition at all, they win every year and this will be no different. CHS is a joke. Dash gets so angry with this she BANGS the mop into the table and a vase falls off and SHATTERS. Sugar Coat looks at her and says, "How ironic. It's messier than it was before you got here." Cinch chases them out of there. They turn around and see a large glass window, looking down into the gymnasium. Dash is so excited, this is it! They'll be able to see what they're training in! They look down and see a group of students are all just stretching and doing various yoga poses. Rainbow Dash sees Lightening Dust doing it, eyes closed, very intent, and is very confused. "They're doing YOGA?? How do you win at yoga??" Pinkie Pie says, "The ultimate twist." Rainbow Dash says she better go and start practicing holding a pose. Pinkie Pie nods as Dash walks away, and she sees the lights in the gymnasium all SNAP ON and in lightning speed the whole gym is full of hurdles and trampolines. The students are in INTENSE training running over hurdles, doing somersaults off trampolines and pole vaulting over bars. Pinkie Pie says, "Ooooh. So THAT'S how you win at yoga."
