INT. SCI TWI'S BEDROOM - SAME

The Mane 7 (sans Rainbow Dash) have gathered in Sci Twi's bedroom. Debris from their all-night study session-- crumpled papers, pizza boxes-- is everywhere. They're all in various states of SNOOZED, e.g., Pinkie Pie fell asleep while about to eat a slice of pizza and her snores blow the little tip of the pizza slice.

An alarm clock <RINGS>, startling everyone.

1 PINKIE PIE
I'm awake-- I'm awake! What time is it?! Did we sleep through the test!?

2 RARITY
No, but school starts in thirty minutes...

3 SUNSET SHIMMER
So, we fail in thirty-one minutes.

No one looks very happy as they gather their stuff...

4 FLUTTERSHY
Even after our all-night study session, I still don't know the difference between vaporization and sublimation.

5 APPLEJACK
Reckon this test's gonna be an abomination.

6 SCI TWI
(disappointed)
I can't believe we all fell asleep halfway through our first all-nighter...

7 RAINBOW DASH (O.S.)
Not all of us.

REVEAL Rainbow Dash sitting apart from the group in a chair facing the wall. The chair begins ROCKING as RD struggles to spin it, eventually getting up and rotating it to face them--

8 RAINBOW DASH (CONT'D)
--sorry, thought that was a spinny chair.

She smugly puts her feet up.

9 RAINBOW DASH (CONT'D)

While you chumps were studying all
night, guess who was looking out
the window...?

Off their confused looks, Rainbow Dash points to a 16:9
"window" on the wall showing a bucolic snowy landscape.

RD leaps to her feet.

10 RAINBOW DASH (CONT'D)

Come on! Do I have to spell it out
for you?! It's snowing! Snow day
means no school! No school means no
test!

11 SCI TWI

That's... a TV. You're watching The
Snow Channel. WHY DIDN'T YOU WAKE
US UP!?

12 RAINBOW DASH

(doubt setting in)

Pth-- not a TV. Why would I spend
eight hours staring at a SCREEN?

13 APPLEJACK

Cause you thought it was a window.

AJ <WHPTHHS> the shade on the ACTUAL WINDOW, which rolls up
revealing a sunny day-- green grass, no snow. RD thinks,
while Sci Twi reddens... about to burst.

14 RAINBOW DASH

This one's on me.

15 SCI TWI

(coming unwound)

GRAH! I'm going to fail Mr. Cranky
Doodle's test and I'll never be
valedictorian and I won't get into
Pony State! ..I always wanted to be
a Tiger.

She sadly takes down a triangular *Pony State* pennant adorned
with its mascot, the Fightin' Tigers. We hear Fluttershy's
line O.S. as we PUSH IN on Rainbow Dash, feeling bad.

16 FLUTTERSHY (O.S.)

Too bad it's not a snow day.

17 RAINBOW DASH *
(getting an idea) *
It's not a snow day... yet. *

<OH SNAP MUSIC CUE> as she explains the plan, excited-- *

18 RAINBOW DASH (CONT'D) *
If we can save a sinking cruise ship *
and break the laws of time and space *
to see a concert, I'm pretty sure we *
can make Principal Celestia call a *
Snow Day. There's a lot of kids out *
there who didn't study and they're *
depending on the seven on us. So *
what do you say...? *

The girls exchange intrigued looks... *

19 FLUTTERSHY/APPLEJACK/SUNSET *
YEAH! LET'S DO IT! OKAY! *

<MONTAGE MUSIC> comes up and everyone runs out, leaving *
PINKIE PIE who's asleep again. Suddenly she wakes up-- *

20 PINKIE PIE *
(running out the door) *
Can't believe I almost slept *
through A MONTAGE...! *

CUT TO: A MAKE IT SNOW MONTAGE! *

EXT. CANTERLOT HIGH SCHOOL - MORNING *

Early morning in front of the school. We see PRINCIPAL *
CELESTIA through her office window as she takes off her coat *
and sits at her desk, oblivious to Rainbow Dash watching from *
the bushes, who turns to the others and gives a THUMBS UP. *

INT. PINKIE PIE'S HOUSE - DAY *

Pinkie Pie unloads two GROCERY BAGS onto the table. Potatoes *
go in a mixing bowl. She hits the button. <MIXING SOUNDS>! *

EXT. CANTERLOT HIGH SCHOOL - DAY *

Rainbow Dash directs Applejack, whose gem glows as she *
carries GIANT BLOCKS OF ICE to the field in front of school. *
Pleased, Rainbow Dash turns, then frowns, seeing-- *

Sci Twi giving a sheepish grin, caught studying from HER
TEXTBOOK. RD tosses the book over her shoulder and pulls Sci
Twi O.S...

INT. RARITY'S HOUSE - DAY

Rarity at her mirror, considering a red scarf or blue scarf.

EXT. CANTERLOT HIGH SCHOOL - DAY

Close on: WOODPECKERS <PECKING> a big block of ice. PULL BACK
TO REVEAL... Fluttershy directing an ARCTIC FOX using its
tail to fan/blow snow.

Nearby, Pinkie Pie dumps a bowl of mashed potatoes into the
growing pile of snow, just as Applejack brings more ice.

A sweaty, tired, un-aided-by-special-powers Sunset Shimmer is
using a shovel to move snow. She pauses to take in everyone
else's work, then looks down at her not-glowing geode
necklace. Oh well, back to work.

Like a director, Rainbow Dash uses her fingers to frame a
view outside Celestia's window and its growing piles of snow.
She thoughtfully compares it to her reference-- Sci Twi using
her Telekinesis to hold her bedroom TV tuned to the snow
channel.

INT. RARITY'S HOUSE - DAY

Follow a trail of discarded scarves on Rarity's floor to find
her RIPPING UP the red and blue scarf into bare threads.

EXT. CANTERLOT HIGH SCHOOL - DAY

Sunset, still shoveling... gets an idea. She looks around to
see if anyone's looking, then self-consciously and gently
touches her hand to the SNOW (a la *Starship Troopers*). Her
geode glows and she <GASPS> at--

EMPATHY FLASHES: A waterfall! A lake! The clouds!

21 SUNSET SHIMMER
 (sotto)
 ...It remembers.

INT. RARITY'S HOUSE - DAY

With her glasses on and a pencil clenched in her teeth,
Rarity's at her SEWING MACHINE combining RED and BLUE,
finishing a new PURPLE SCARF, which she holds up, pleased.

EXT. CANTERLOT HIGH SCHOOL - DAY

The woodpeckers finish up in a cloud of snow, which settles
to reveal A FLUTTERSHY ICE SCULPTURE. Fluttershy blushes,
flattered.

Pinkie Pie makes a snowman out of mashed potatoes. Cookie
eyes. Carrot nose, which she then removes and CHOMPS a bite.

Rarity joins in her new scarf as they all gather to admire
their work. She reacts-- what's missing? Then smiles, using
her gem-magic shield to scoop some snow, which Sci Twi hovers
over to frost Principal Celestia's window.

The scene is winter wonderland perfect. RD is so proud.

22 RAINBOW DASH
 (with gravitas)
We did it... we saved the world.

23 SCI TWI
 (softer, same gravitas)
Go tigers.

<MONTAGE MUSIC> ends as we DISSOLVE TO...

INT. CANTERLOT HIGH SCHOOL - PRINCIPAL'S OFFICE WINDOW - SAME

The "snow" falls outside Principal Celestia's window. She
looks out at it, a worried expression on her face. Vice
Principal Luna joins her at the window.

24 VICE PRINCIPAL LUNA
A blizzard...? Quite an unforeseen
development, I'd say.

25 PRINCIPAL CELESTIA
 (suspicious)
Indeed.

26 VICE PRINCIPAL LUNA
Shall we cancel school? I can send
the text alert to the parents and a
SnapGab blast to the cool parents
if you'd like...?

(MORE)

VICE PRINCIPAL LUNA (CONT'D)

(ALT)

Shall we cancel school?

Principal Celestia considers...

OUTSIDE PRINCIPAL CELESTIA'S WINDOW

The girls huddle out of sight, watching Principal Celestia and VP Luna through the window. PUSH IN on the girls... hoping! PUSH ON as... Celestia nods, turns, and reaches for her phone...!

27 RAINBOW DASH
She's making the call!!!

Suddenly Mr. Cranky Doodle ducks his head into their office.

28 MR. CRANKY DOODLE
Don't bother with the snow day--
it's phoney baloney.
(muttering)
...Kids these days, I'll tell ya.

Off Principal Celestia's turning to GLARE at our girls, who <GULP>. <MUSIC STING> and we CUT TO:

INT. CANTERLOT HIGH SCHOOL - DAY

<CLOCK TICKING> and <PENCILS SCRATCHING>, as The Mane 7 sit at their desks taking the test. Pinkie Pie is indignant.

29 PINKIE PIE
...How are we supposed to know how
snow fits into the water cycle?!

30 SCI TWI
Pinkie Pie. What did we just do?

31 RAINBOW DASH
It was part of the plan...! What
better way to study than a hands-on
project?

Pinkie Pie looks out the window and sees their snowy scene.

32 PINKIE PIE
Oooooohhhhhh! I get it...!
(confidently writing)
"Mashed potatoes for the base, add
cookie eyes, carrot nose..."

IRIS OUT.
