

ON SUNSET SHIMMER

SUNSET SHIMMER

Dear Princess Twilight,
It must have been a pretty big shock
seeing someone who looked just like
you when you came out of the portal
from Equestria. Sure wish we'd had
more time to catch up.

SUNSET SHIMMER (CONT'D)

The last few weeks have been pretty
crazy for all of us. Canterlot High
was the host for the Friendship Games
against the students from Crystal
Prep. It was supposed to be a friendly
competition however their Principal
Cinch, made sure it was anything but.

SUNSET SHIMMER (CONT'D)

This dimension's Twilight Sparkle was
a student at Crystal Prep. Somehow she
discovered a way to collect the
Equestrian magic that allows us to
Pony-Up. And when Principal Cinch
found out, she pressured Twilight
into using it to help their school win
the Friendship Games.

SUNSET SHIMMER (CONT'D)

When Twilight released the magic,
that's when things got pretty
intense. She couldn't control it and
it changed her into Midnight Sparkle.
Canterlot High almost lost way more
than just the Friendship Games.

SUNSET SHIMMER (CONT'D)

Luckily, with the Magic of Friendship
I was able to reach out and help her.
I've learned a lot over the last year.

SUNSET SHIMMER (CONT'D)

Happy to report that everything is
back to normal. Well, as normal as
anything can ever be at Canterlot
High. The Twilight from this world
transferred to CHS, so me and the
girls are gonna teach her everything
we know about friendship! Looking
forward to your next visit. Your
friend, Sunset Shimmer
