EXT. OCEAN - NIGHT

From a sky of brilliant stars, we PAN DOWN to see the DARK OCEAN. The moon shines bright enough to see THE CRUISE SHIP, lit only by tiny points of light...

EXT. CRUISE SHIP - DECK - NIGHT

...of flashlights. Passengers amble outside from the NIGHT CLUB doors onto a wide deck. PINKIE PIE and FLUTTERSHY search the crowd-- small groups of bummed people.

1 PINKIE PIE
 (sobbing)
The party was just getting started--
it had so much fun left to give. No
party-goer should have to outlive
their party...

Over her <SOBS>, they hear a <CLANKING> from AN EXHAUST VENT STICKING OUT OF THE DECK. They lean in for a closer listen and we PUSH IN TO THE DARKNESS, WHICH TRANSITIONS US TO...

INT. CRUISE SHIP - ENGINE ROOM - SAME

...THE ENGINE ROOM.

SCI TWI's legs sticking out from under a massive tangle of pipes and machinery. SUNSET SHIMMER stands nearby, arms crossed, waiting. RAINBOW DASH sits on a rail next to her, enjoying herself.

2 SCI TWI (O.S.)
I think I found the problem.
Shouldn't be too hard to restart if
the ignition switch still works.

3 SUNSET SHIMMER
Only one way to find out.

4 SCI TWI
You should see the bulbs start
glowing just a tiny bit in 3, 2,
1...

ZAP! FLASH! POP! Sparks fly and then... nothing. Rainbow Dash, sitting on a railing, taps a darkened light bulb.

5 RAINBOW DASH
Swiiiiiinnng... and a miss.

Sci Twi crawls out, covered in soot.

6 SCI TWI
Well, now we know there's a fried T-437 ignition switch. Good news is the generators are fine-- we just can't turn them on without that replacement part. Can you pass that info along to the captain?

All the girls look over at...

THREE CREW MEMBERS who we didn't know were standing there.

7 SUNSET SHIMMER
But maybe leave out the part where you said--
(gruff impression)
"If you're so smart, kid, why don't you figure out what happened?"

The chief trudges out and his crew follow him.

8 SCI TWI
Sheesh, didn't they read the online emergency handbook? I mean, we all did, right?

Rainbow Dash and Sunset nod quickly-- we totally read that!

9 RAINBOW DASH
But it's not their fault this happened. Ordinary people don't stand a chance against--
(action pose)
--DARK MAGIC.

Sunset and Sci Twi just stare at her, so she shuffles her hands around some more with <SPOOKY NOISES>, then--

10 RAINBOW DASH (CONT'D)
I mean, obviously, right?

11 SCI TWI
No.

12 SUNSET SHIMMER
(overlapping)
No.

13 RAINBOW DASH
We pony-up and literally ten seconds later the power goes out? We scared it so now it's coming after us.

14 SCI TWI
The ocean is a dangerous place--
There's a million easier ways to
get us than a broken ignition
switch.

A WALL-RADIO CRACKLES.

15 RARITY (V.O.)
Good evening. Would The Rainbooms
kindly report to the observation
deck, post-haste? <FEEDBACK SOUND>
(off-mic)
Do I let go of the button to--?

CLICK. Sunset and Sci Twi exchange a curious look. Rainbow Dash inspects the beeper on her waistband.

16 RAINBOW DASH
(annoyed)
I mean why even have beepers...?

CUT TO:

EXT. CRUISE SHIP - TOP DECK - DAY

BINOCULAR P.O.V. --

Lightning FLASHES over HUGE WAVES. Storm clouds swell and devour themselves in a slow rotation.

Sci Twi lowers binoculars and <GULPS>. She passes them back to Fluttershy who puts them away in a cute case. The other Mane 7 stand behind them. Rainbow Dash gives Sci Twi a grin.

17 RAINBOW DASH
You said something about "easier
ways to get us...?"

18 SCI TWI
Are you saying "Storms are magic?"

19 RAINBOW DASH
This one is.

20 SCI TWI
Are weathermen wizards?

21 RAINBOW DASH
No...

22 SCI TWI
Maybe thermometers are magic wands?

23 RAINBOW DASH
(confused)
...are they?
(a better idea)
Hey Sunset! Did you bring your
journal? Why don't we ask a more
reasonable Twilight Sparkle what
kind of magic we might find in the
middle of the ocean.

Sunset is frustrated...

24 SUNSET SHIMMER
I didn't bring it... because this
was supposed to be a magic-free
vacation!

25 SCI TWI
It still is.

Fluttershy intervenes...

26 FLUTTERSHY
Instead of arguing, shouldn't we be
searching every inch of this ship
for...

27 SCI TWI
(overlapping)
--for a replacement ignitor switch?

28 FLUTTERSHY
(overlapping)
--for Mr. Bouncy...?

Everyone looks from Sci Twi to Fluttershy, confused.

29 FLUTTERSHY (CONT'D)
Oh, um, he's a... bunny escaped
when the lights went out.
(off their stares)
It's just, there's a lot of baby
mister bouncies wondering when
their daddy's coming home.
(off their stares)
...But the switch is important too.

Sunset takes charge...

30 SUNSET SHIMMER
Let's split up and search the ship
for...
(MORE)

SUNSET SHIMMER (CONT'D)
(seeing Fluttershy's
hopeful face...)
...the things we care about.

Fluttershy blushes.

CUT TO:

INT. CRUISE SHIP - DARK HALLWAY - LATER

PITCH DARK. Then, two flashlights cut through the darkness, held by Pinkie Pie and Fluttershy.

31 FLUTTERSHY
What's down here, Pinkie Pie?

32 PINKIE PIE
Things we care about. Trust me.

Pinkie Pie squints, then pushes open a door in front of them, revealing...

INT. CRUISE SHIP - DINING HALL - MOMENTS LATER

...the ship's dining hall! Multiple zones for the permanent all-you-can-eat buffet. Crew with flashlights are shutting everything down.

Pinkie Pie skips over to the HOST, who puffs up to greet her.

33 PINKIE PIE
Hi, my name's Pinkie Pie-- first time cruiser, long time brochure enthusiast. Two questions: how long until your ice cream melts without power, and I'm sure you can guess the second question-- do you serve the kind of carrots bunnies love to crunch on?

As Fluttershy smiles with approval... CUT TO:

EXT. CRUISE SHIP - DECK - LATER

Rarity and AJ finish searching an equipment closet.

34 RARITY
No whatever-its-called, just some rather unflattering life jackets.

Applejack keeps one hand on the wall to steady herself.

35 APPLEJACK
...They get the job done.

36 RARITY
If I'm going to be found looking
like a child's bath toy, I'd rather
not be rescued at all.
 (then, seeing something--)
What do we have here...?

OCTAVIA MELODY leans against the side rail, staring at the stars. And just far enough away to pretend like it's a coincidence... MICRO CHIPS is doing the same thing. Except when he steals a glance at Octavia, he <SIGHS> longingly.

Rarity and Applejack's JAWS DROP.

37 RARITY (CONT'D)
Did Micro Chips just sigh?!

38 APPLEJACK
Oh, oh-- he's on the move!

Micro Chips nonchalantly slides a step closer to her. The girls crack up, trying their best to stay unnoticed.

39 RARITY
The lights may be off, but the hunt
is on.

Suddenly Applejack goes from laughing to... staring at the floor and leannnnninggggg. Rarity is concerned...

40 APPLEJACK
PSH. A little thing like the entire
ocean's gonna take me down? Not. A.
Chance.

Applejack puts her hands on her hips, standing tall... and definitely about to barf.

41 RARITY
Perhaps there's a small chance--

42 APPLEJACK
 (overlapping)
There's a chance-- definitely a
chance--

The boat rocks on a wave and Applejack's knees buckle--

43 APPLEJACK (CONT'D)
--Promise you'll tell me what
happens to Romeo and Juliet!

Applejack runs off, leaving Rarity to size up the Micro Chips/Octavia situation. After a moment...

44 RARITY
Oh why not-- we could be stranded
for days...

ON MICRO CHIPS, his eyes on Octavia. He doesn't notice Rarity come up beside him and whisper--

45 RARITY (CONT'D)
Talk to her.

46 MICRO CHIPS
Ah! Talk to-- Oh, no-- I have a
girlfriend. She's-- you don't know
her-- She's a model. And...

47 RARITY
If you like her... talk to her.

He takes a deep breath, nods... then turns to take a step--

Rarity grabs him!

48 RARITY (CONT'D)
I didn't mean dressed like that!
Come on, let's get you measured...

She leads him off and we CUT TO:

EXT. CRUISE SHIP - LATER

Walking alone on a lower deck, Rainbow Dash comes upon a LONG ROW OF CLOSED LOCKERS. She tests the first one-- it opens easily-- and she half-heartedly searches...

49 RAINBOW DASH
Any ignition switches in there?

She closes it. Sighs, so bored.

She smirks at the line of lockers. Her necklace GLOWS and...

WHOOSH! She's a blur going back and forth. She stops-- all the lockers are open. WHOOSH. All lockers closed. She admires her work, then...

She leans over the railing and yells at the distant storm:

50 RAINBOW DASH (CONT'D)
I KNOW YOU SAW THAT SPEED, WHATEVER
YOU ARE!!! WE'RE COMING FOR YOU!!!
(then, softer)
...maybe... eventually...

She sighs, then...

A strange GLOW shines on her face.

IN THE WATER BELOW, it looks like a GLOWING SNAKE is painting
a trail in lazy circles.

51 RAINBOW DASH (CONT'D)
Whoa...

She looks from the glowing ocean up to the storm.

52 RAINBOW DASH (CONT'D)
This your way of saying hello?

The glowing water pulses BRIGHTER.

CLOSE ON RAINBOW DASH: the water reflecting in her eyes.

53 RAINBOW DASH (CONT'D)
You guys...!?

CUT TO:

INT. SIDE STAIRWAY - MOMENTS LATER

Rainbow Dash charges up the stairs, looking out every
porthole, laughing with joy--

54 RAINBOW DASH
Yes! Yes!!!

EXT. CRUISE SHIP - SAME

Outside, the light in the water squiggles all around,
changing colors, following Rainbow Dash as best it can.

EXT. MAIN DECK - MOMENTS LATER

Rainbow Dash runs out onto the main deck and skids to a stop,
confused to be in the middle of--

A PINKIE-PIE TROPICAL THEME PARTY. <TROPICAL MUSIC> plays from a portable speaker on the ground next to A FREEZER ROLL-CART, where Pinkie hands out ice cream to a line of dancing passengers.

55 PINKIE PIE
Melt Party! Get it while it's cold!
Wooooo! Come on! Melt! Melt! Melt!

Fluttershy hands out carrots to people. Rainbow Dash pushes through the crowd but can't get past--

Snips and Snails holding a giant thermometer like a limbo pole.

56 PINKIE PIE (CONT'D)
How low can you melt? How low can
you melt?!

Timber Spruce shimmies right under. <CHEERS>!

57 RAINBOW DASH
Everyone!

58 EVERYONE
(drowning her out)
Melt! Melt! Melt!

Suddenly-- <CLICK>. Silence-- Rainbow Dash clicks off the little radio. <BOOOOOO WALLAH>.

PUSH IN ON RAINBOW DASH...

59 RAINBOW DASH
Follow me, everyone-- because this
party's just getting started.

CUT TO:

EXT. AFT TOP DECK - MOMENTS LATER

Rainbow Dash runs around the corner,. The other Mane 7 following close behind.

Rainbow Dash gets to the rail, sweeps her arm to unveil the amazing magical sight. Everyone stares at it, then slowly turns to look at her. Rainbow Dash looks--

THE OCEAN IS DARK.

She closes her eyes, SUPER ANNOYED, and we FADE OUT.
