THREE'S COMPANY?

Premise by Meghan McCarthy

Princess Twilight couldn't be more excited. Her former foal-sitter and now sister-in-law Princess Cadance is coming to Ponyville for a visit. The two haven't had much time to really spend together since the wedding and Twilight is really looking forward to bonding with Cadance when the fate of Equestria doesn't hang in the balance. An equally excited Princess Cadance arrives in Ponyville and it looks like the two are going to have some real quality time together. That is until a certain Draconequi shows up looking to crash at Twilight's place for a few days. Twilight doesn't mind, does she? Twilight does mind. But now that the Elements of Harmony are no longer at her disposal, it is only Discord's friendship with the ponies that is keeping him in check. If Twilight doesn't keep up her side of the friendship, who knows how Discord will react? Twilight turns to her friends to help entertain Discord so that she can spend time with Cadance, but while he no longer causes complete chaos, that doesn't mean he's completely lost his disruptive streak, and insists on hanging out with Twilight and Cadance instead. Which of course makes their time together very different than what Twilight had envisioned. (And provides an awesome opportunity for a Discord/Cadance/Twilight song!) As Princess Cadance's stay in Ponville comes to an end, Princess Twilight is convinced that her sister-in-law's visit has been a total disaster. She's surprised when Princess Cadance reveals that she's actually had a great time. Her visit to Ponyville not only reminded her what a thoughtful and giving sister-in-law she has, but it also gave her a chance to make an unexpected new friend.
