AMENDING FENCES

Premise by Mitchell Larson

Twilight Sparkle is now the Princess of Friendship. What a long way she's come from the loner bookworm she once was. In light of this amazing accomplishment, she and Spike start to reminisce about the old days. Spike laughs that the Princess of Friendship used to be famous for being a horrible friend because she was always too busy with her studies. Twilight thinks "horrible" might be a little harsh, but when he reminds her of the weeks leading up to their move to Ponyville, especially how (in the pilot episode) she skipped Moondancer's party without ever explaining why, she realizes just how badly she treated her old Canterlot friends.

And she won't rest until she does something about it. She and Spike head to Canterlot, where she plans to make amends for being such a bad friend. As she attempts to track down Moondancer, Twilight encounters many old friends. It's a painful trip down Memory Lane (otherwise known as Hilarious Flashback Lane) as she is reminded again and again what she used to be like, but along the way she manages to repair many of her old relationships. Moondancer, however, proves more difficult. After the "party incident," she broke off all her old friendships. Her life has spiralled out of control since then, and she has become an angry old recluse on the outskirts of town.

Twilight finally understands what a negative impact her attitude had on somepony who once saw her as a friend. She enlists Pinkie Pie's help to secretly organize a massive party for Moondancer, inviting all the old friends she has rekindled things with in Act Two. It's a sort of "this was your life" theme, with Moondancer remembering how much these ponies – even Twilight – once meant to her. The old hermit has a RATATOIULLE/food critic moment and remembers how rich her life used to be when she had friends. Twilight, enjoying the party with a friend from her old life (Moondancer) and a friend from her new life (Pinkie Pie) realizes that it is never too late to repair a broken relationship, and it is always worth trying.
