THE MAGIC OF PONYVILLE

Premise by Amy Keating Rogers

Princess Twilight Sparkle address the camera (standing in for a visiting dignitary), saying how thrilled she is to be giving a tour of her adopted hometown, Ponyville. This is where she first discovered friendship, as did so many others who call this magical place home...

We BREAK AWAY from Twilight and her guest as she continues the tour and spend the rest of the episode as a fly on the wall witnessing a series of loosely linked stories featuring our ancillary and background characters. We start with **The Cakes** and see a vignette featuring a small aspect of friendship. Then we drift off and follow **Cranky** and **Matilda**. Then **Cheerilee**, **DJ Pon-3**, **Octavia**, **Lyra**, **Bon Bon**, **Dr. Hooves**, **Derpy**, **Bulk Biceps**, etc. In each story, we see different pairings we've never seen before, all illuminating a different aspect of the characters' friendships.

After we've had our own unique tour of Ponyville, we rejoin Twilight, who is just finishing up her tour with the visiting dignitary. As she wraps up, she says it took her awhile to understand what it is that makes Ponyville such a magical place, but now she knows the secret: it's that it's the ponies who live there.
