SPICE UP YOUR LIFE

Premise by Michael Vogel

Pinkie Pie and Rarity are called to CANTERLOT by the map. Before they locate their friendship problem, Pinkie needs to eat. Rarity takes her to RESTARUANT ROW, the street in Canterlot with all of the BEST restaurants. Rarity finds a restaurant with a THREE HOOF rating, which means it's been approved by THE TRIO: three unicorns who judge a restaurant on cuisine, décor and presentation. But Pinkie isn't feeling the snooty menu. The next restaurant has basically the same menu. And the next one. And the NEXT one. Eventually Pinkie's nose leads them to a tiny restaurant run by a family who just moved to Canterlot from Saddle Arabia (Rarity is quick to point out, NO hooves). The food is delicious, but the restaurant is empty. The family is desperate to get some business going. Rarity explains the way it works in Canterlot. They need to get Three Hooves, then they will be on the radar of the "important" ponies in the food scene. Pinkie's pinkie sense goes off. THIS is the problem they need to solve!! Rarity instantly goes into full "Rarity" mode. If they are going to get three hooves there is a TON of work to be done. Rarity has the family systematically get rid of everything that makes their restaurant unique. Pinkie protests (she liked it the way it was) but Rarity insists that this is how things are done. Eventually The Trio comes to the restaurant. The family does their best but the stuck up trio feels they just didn't try hard enough to fit into "the way things are done here." The family makes Rarity and Pinkie a meal to say thank you, even if it didn't work out. The food is delicious. Rarity finally realizes Pinkie was right. There's no reason to change who you are to please others. Rarity and Pinkie throw a HUGE party at the restaurant. Pinkie does what she does and Rarity uses her influence to get the right people to come DESPITE the NO Hoof rating. Not only does the party get people to recognize how great the restaurant is, it inspires the other restaurants to do what they love, not what they are told is "acceptable." The Trio's stranglehold on restaurant row is over and a variety of tastes and cuisines begin to flood into Canterlot!
