6/9/23 FN Update			I'm Bender Baby! - we could use this for Column D and E if necessary.	"I'm the greatest!" or "Bender is Great!"	Re: Bender to Bender - We would suggest passing on that Bender to Bender line - we try to avoid denigrating our players or making them feel bad	Some more context on "Cheese it!" - that line plays when you hire Bender to be your NPC companion. he is basically saying "let's go!" or "let's run!" he has used "cheese it!" in this context many times in the show.
