

ROCK

Rock is Worm's vaguely evil henchmen and only friend in the world. He's the only one who sees how special Worm is. All he wants to do is make Worm happy and gain his approval. He never seems to get it and that makes him sad. Rock is as dumb as...well, a rock.

ROCK SIDES

1. Rock

(Trying to make Worm feel better about not being invited to the dance)

You know Worm, I'd go to the dance with you if you want. Just let me know so we can get matching corsages. I'm thinking tulips.

2. Rock

(getting excited for some foul play)

So we gonna make those pets pay or what Worm? I'm not talking about money, I'm talking about punishment. Although, I'd take money if they offered. We could always use some new stemware.

3. Rock

(excited to see Worm on the Moon)

Welcome to the party boss! You gotta try the stuffed mushrooms. They're stuffed with more mushrooms. It's like eating two mushrooms in every bite.

4. Rock

(Worried but also impressed, after seeing Franklin stumble by)

I think we're in trouble boss, this frog moves like a ninja. On the bright side, this ninja moves like a frog. Wait, I think it's the same guy.

5. Rock

(Heartbroken that Worm doesn't like the snacks he brought)

But Worm, I thought you loved reduced fat wheat thins. They've got all the taste but half the fat. You know I worry about your cholesterol.
