

THE JUDGE

Head of Crime Inc., the secret organization behind the most nefarious crimes in Macchio Falls. He's also a real judge in the Macchio Falls court system. He's never seen without his robe.

The Judge is loud, brash and always angry. He yells A LOT; he has two speeds—seething and outraged. He enjoys berating his fellow Crime Inc. cohorts.

The Judge has a personal vendetta against the Ninja. You see, back in the '70s when the Ninja first appeared at Macchio High, the Judge was the B.B.O.C. -- Big Bully On Campus (he still wears his Macchio High class ring). The Ninja thwarted and humiliated him, so now that the Judge is a powerful adult, he's obsessed with discovering the ninja's true identity, bringing the Ninja down, exposing him, humiliating him in front of the people of Macchio Falls!

THE JUDGE SIDES

1. THE JUDGE

(Furious as he discusses the Ninja at a Crime Inc. meeting)

I hate the Ninja! I just wanna punch him! In the face! He just makes me so mad!

2. THE JUDGE

(After Kranski suggests they just kill the Ninja)

Nice brain-fart, Kranski! We need an actual plan, morons! If we only knew his weakness. We could set a trap. Capture him. Serve him up on a silver platter...with some fries...maybe a side of slaw..." (SLAMS FIST DOWN)
"We need to order lunch!

3. THE JUDGE

(When the Ninja begins to beat Crime Inc.'s mechanical monster, Tyrano-Bot, Vicroy tells The Judge to do something. The Judge holds up the remote that controls T-Bot)

This thing's got one button, Viceroy. One button! And I pushed it! Want me to push it again? (PUSHES BUTTON) There, ya happy?!

4. THE JUDGE

(The Ninja stops the T-Bot, The Judge yells, getting angrier and angrier)

You think you can stop Crime Inc, Ninja, but you can't! We're like a weed that keep sprouting no matter how times you pull it! And suddenly the rose garden your doctor told you to plant to lower your blood pressure looks like a disaster! ...What was I saying? Oh yeah. You're going down, Ninja!!

5. THE JUDGE

(After being thwarted by the Ninja, The Judge plots his revenge)

Someday, Ninja. Someday I will defeat you. And then we will rule this town with an iron fist! (POUNDS HIS FIST DOWN, THEN CRIES OUT)
Ah, my fist! I broke it! Or maybe it's just a sprain! Somebody get me some ice!!
